

Fire Awareness and Extinguisher Training

Option 1 – In class training and demonstration (1 hour)

In this course you will develop a basic understanding of how fires start and how they can be extinguished. Your trainer will also give a demonstration of how to use a fire extinguisher.

Option 2 – Practical Only (1 hour)

In this course you will learn how to use a portable fire extinguisher. You will use a portable fire extinguisher to extinguish a fire on a safe and controlled gas fire.

Option 3 – In class training with practical extinguisher use (2 hours)

In this course you will develop an understanding of how fires start and how they can be extinguished. You will learn how to select the correct fire extinguisher and how to safely use it to extinguish a small fire. You will use a fire extinguisher to extinguish a safe and controlled gas fire.

Option 4 – Online learning (individual self-paced)

In this course you will develop an understanding of how fires start and how they can be extinguished. You will learn how to select the correct fire extinguisher and how to safely use it to extinguish a small fire. Includes interactive quizzes and assessment to test knowledge.

Course Content

- How fires start and spread
- How fires can be extinguished
- Different types of fires
- The dangers of smoke and fire
- How to respond to a fire emergency
- How to use a portable fire extinguisher and fire blanket

Course Requirements (face to face training only)

Maximum of 20 participants.

The course is delivered face-to-face, at your site or at a Chubb Training Facility.

When conducted on your site we require:

- Access to a room suitable for delivering a PowerPoint presentation (for in-class training only)
- External area that is a minimum 5m x 5m for practical training. This area should not be undercover, on a driveway or on a slope.

Participants are required to wear suitable clothing including enclosed footwear.

Assessment

There is no formal assessment for the face to face course. For the practical courses (option 2 and 3) your trainer will observe you using a portable fire extinguisher and provide feedback on your performance. All extinguishers are supplied by Chubb Training.

The online training (option 4) includes mini quizzes assessments throughout the course.

Cost

Please contact a Chubb Training office in your state on 1300 650 182 or via email chubb.training@chubb.com.au for course costs.
